'GET SKILLED' – WIN AN ADVANCED RIDING COURSE PLACE

Motorcyclists who test out their riding knowledge on a new online portal could win the chance to upgrade their skills with a four-day advanced riding course.

Road Safety Scotland and Safer Scotland are offering one rider and two friends places on the course run by the Royal Society for the Prevention of Accidents (RoSPA).

To enter, riders just need to visit the new portal at www.donriskit.info/motorbikes and answer the competition question.

The portal is a one-stop shop for all things motorcycling-related and offers expert tips on upgrading riding skills and road safety knowledge as well as links to the latest news from the biking community, motorcycle associations and touring information.

The advanced riding course will put the winning rider and two friends through the ultimate motorcycling test, and also equip them with additional knowledge to help reduce the risk of being involved in an accident, injury or bike damage.

Riders who undertake the course may be put forward for the RoSPA Advanced Test and may emerge as advanced motorcyclists. The test is recognised by EDEXCEL as a prior achievement in applying for a BTEC award.

Closing date for entries is on the 13th January 2010, and winners will be notified shortly after.
